## 1) Editor's Greeting:

Hello everyone, and welcome to our new subscribers!

This is the 2nd edition of our April 2003 issue of our free semi-monthly newsletter for Computer IT Education, Training, & Tutorial Resources providing you with the latest Free online IT Training Resources that we have recently discovered and researched. This newsletter is free to anyone subscribing (instructions at bottom, no username/password is needed). To access our member site, however, you do need a user name and password - registering as a member of Intelinfo.com costs \$10 for two months, for more information please see below 'Become a Member of Intelinfo.com'.

My desire is that these free resources will help you with your computer education and training and are tools to advance your IT career. Our main mission is the training of those less fortunate who are seeking to become computer literate, both technically and from a user's perspective.

In this issue we describe and link to a total of 37 computer, IT and programming learning and tutorial web sites. By means of this email newsletter, you have knowledge of and access to these sites before our web site visitors do. For your convenience, this newsletter is also available to you in HTML format at this special url: [http://www.intelinfo.com/current\\_news-2.html](http://www.intelinfo.com/current_news-2.html)

**\*\*\* Current News \*\*\***

This issue features many good free training courses, free books, and free technical help and support sites. I hope you enjoy it. I wish you the best with your computer studies and learning.

Warm Regards,  
Scott Turton  
Newsletter Editor and Webmaster

Our Members' Site contains the web's best computer and IT training resources and tutorials. This content is individually linked and presented in a way to expedite and facilitate your IT learning experience. We have done all the web research and presentation work for you so you can concentrate solely on your computer training.

Intelinfo.com Member Site FAQ Answers:

1. Over half of the web sites and pages in our members site are not in the free section of our web site. The online training resources in our members' site are linked and laid out in a much more detailed fashion than those in the free section. This will save you time in finding all the best free training on the web.
2. If you use a credit card when joining, it will be billed by Verotel. When your membership period expires, you will be asked if you want to renew your membership, you will not be automatically charged another fee on your credit card or check.
3. You can also use PayPal to sign-up as a member of Intelinfo.com, just use this link: <[http://www.intelinfo.com/links/become\\_a\\_member.html](http://www.intelinfo.com/links/become_a_member.html)>. If you register to pay \$10.00 (for 2 months access) via PayPal using this method, simply tell us in the 'Special Instructions' what you want for your user name and password.
4. If your country is not listed in the drop-down list, please use 2checkout.com to register as an intelinfo.com site member using this link: <[http://www.intelinfo.com/links/intelinfo\\_member.html](http://www.intelinfo.com/links/intelinfo_member.html)>. I will then send you an email asking what you would like to use for your user name and password.
5. If you are looking for training and tutorials covering popular software such as Microsoft Office, Flash, Photoshop, Dreamweaver, Web Development, Windows and Computer Hardware, please see our sister site, <http://www.EducationOnlineForComputers.com>

The total price to join our member's site is only \$10 total for 2 months, \$18.50 for 4 months, or \$25.50 for 6 months. The funds generated will assist us to help all those seeking IT education and application development training. Here's the link to see what's available on our member's site and to sign up:
