Newsletter for Computer Education, Training & Tutorial Resources: Issue #33-2 - May, 2003 #2

[Learn New Skills &
Increase Your Earning
Power With FREE
Computer Training!](#)

Learn programming for Free and how to develop and write computer programs and IT applications. Get Free knowledge, information, references, and resources about computers now. Many Free training [courses](#), [tutorials](#), [books](#), training guides, tips, articles, and helps are available to you.

For help finding what you need go to [Navigation by Topic to Free Training](#) or use [pop-up](#).

[Subscribe to our Free semimonthly Newsletter to Get the Latest & Best FREE Computer IT Training!](#) -

You'll stay current with all the New Free Computer Training and Education sites we discover - Subscribe now because you'll have access to these great new sites a month before our web site visitors do, and with each issue you'll receive our 2 non-public links containing 97 Pages of Free Training with *over 10,000* Free IT training and tutorial resources.

Plus, you'll receive our new 21 chapter e-book "[Understanding Computer Security](#)" for Free!

1) Editor's Greeting:

Hello everyone, and welcome to our new subscribers!

This is the 2nd edition of our May 2003 issue of our free semi-monthly newsletter for Computer IT Education, Training, & Tutorial Resources providing you with the latest Free online IT Training Resources that we have recently discovered and researched. This newsletter is free to anyone subscribing (instructions at bottom, no username/password is needed). To access our member site, however, you do need a user name and password - registering as a member of Intelinfo.com costs \$10 for two months, for more information please see below 'Become a Member of Intelinfo.com'.

My desire is that these free resources will help you with your computer education and training and are tools to advance your IT career. Our main mission is the training of those less fortunate who are seeking to become computer literate, both technically and from a user's perspective.

In this issue we describe and link to a total of 35 computer, IT and programming learning and tutorial web sites. By means of this email newsletter, you have knowledge of and access to these sites before our web site visitors do. For your convenience, this newsletter is also available to you in HTML format at this special url:

http://www.intelinfo.com/current_news-2.html

I wish you the best with your computer studies and learning.

Warm Regards,

Scott Turton Newsletter Editor and Webmaster

"Learn New Skills and Increase Your Earning Power With Free Online Computer Training!"

*** Become a Member of Intelinfo.com ***

<http://www.intelinfo.com/sign-up/index.html>

Our Members' Site contains the web's best computer and IT training resources and tutorials. This content is individually linked and presented in a way to expedite and facilitate your IT learning experience. We have done all the web research and presentation work for you so you can concentrate solely on your computer training. For short FAQ Answers, please see the end of this newsletter.

The total price to join as a member is only \$10 total for 2 months, \$18.50 for 4 months or \$25.50 for 6 months. The funds generated will assist us to help all those seeking IT education and application development training. Here's the link to see what's available on our member's site and to sign up: <http://www.intelinfo.com/sign-up/index.html>

--> **Here are Your 4 Rewards for Subscribing to this Newsletter** <--

*** Free Online IT Training Materials for Subscribers***

This section of our site contains over 2,000 free IT, computer and programming training resource links

*** Free Online Computer Training and Tutorial Resources***

Containing over 8,000 free IT training and tutorial resources, this section of our site is available only to our newsletter subscribers and web site members

*** Free e-Book: "Understanding Computer Security" ***

Our new e-book contains the best information from U.S. government agency computer security papers and guides and presents it in a coherent and understandable manner. My hope is that this e-book will make computer security easier to learn. Click here to receive your Free Copy: http://intelinfo.hypermart.net/Understanding_Computer_Security.zip (553 kb). When unzipped it is a windows executable.

*** And here is your fourth reward for being our subscriber: we'll show you how to get 50% more traffic to your site for free - Click on this link to sign up at the best free traffic generator on the web today: <http://tinyurl.com/4i2x>

2) The Best New Free I.T. Training & Tutorial Sites:

This section of our newsletter contains the best new free IT training and tutorial sites that we have found and researched in the last few weeks. These resources will be added to our Free IT Training & Courses page at <http://www.intelinfo.com/cat1.html>, our Free IT Tutorials and Guides page at <http://www.intelinfo.com/cat2.html>, or to our members' site.

<http://www.microsoft.com/reader/downloads/pc.asp>

4) University Computer Science Course Sites Free to Browse and Study:

These web sites will be added to our Free University IT Course Webs page at

<http://www.intelinfo.com/cat3.html>

Introduction to Computer Science:

<http://terminus.scu.edu/~ntran/math10/>

<http://terminus.scu.edu/~ntran/math10/notes>

This course provides an introduction to computer science and programming. Topics covered include structured programming techniques using C++ and Linux, elementary algorithms and data structures.

CS 2704 - Object-Oriented Software Design and Construction:

<http://courses.cs.vt.edu/~cs2704/spring03/cs2704.html>

<http://courses.cs.vt.edu/~cs2704/fall02/cs2704.html>

<http://courses.cs.vt.edu/~cs2704/spring02/mcquain/>

Introduces the principles of object-oriented programming with emphasis on objects, classes, inheritance, and polymorphism. C++ is used to apply these principles. Excellent notes are available.

Cmput 201 - Practical Programming Methodology:

<http://www.cs.ualberta.ca/~tony/C201/Lectures/schedule.html>

Good C++/C Lecture Notes, focuses on the manipulation and transformation of text (as contrasted to graphics). In terms of techniques, it focuses on low level language issues such as: how is data stored and represented, how is memory managed, how are pointers used, what is the call stack, how is an object stored.

Steve Goddard's home page:

<http://csce.unl.edu/~goddard/>

This instructor has several good courses and lecture notes, here are some:

Data Structures and Algorithms:

<http://www.cse.unl.edu/~goddard/Courses/CSCE310J/Lectures.html>

Operating System Kernels

<http://www.cse.unl.edu/~goddard/Courses/CSCE351/Lectures.html>

Operating Systems Principles:

<http://www.cse.unl.edu/~goddard/Courses/CSCE451/Lectures.html>

Distributed Operating Systems

<http://www.cse.unl.edu/~goddard/Courses/CSCE855/Lectures.html>

School of Computing Modules - University of Napier:

<http://www.soc.napier.ac.uk/module/op/allmodulesnocsnomm/departmentid/2>

Several courses here have learning materials available, including these:

Implementing Information Systems:

<http://www.soc.napier.ac.uk/module/op/onemodule/moduleid/CO71001>

<http://www.soc.napier.ac.uk/module/op/lectureplan/moduleid/CO71001>

Interactive Design:

<http://www.soc.napier.ac.uk/module/op/onemodule/moduleid/CO32005>

<http://www.soc.napier.ac.uk/module/op/lectures/moduleid/CO32005>

Multimedia Technology:

<http://www.soc.napier.ac.uk/module/op/lectures/moduleid/CO42002>

<http://www.soc.napier.ac.uk/module/op/onemodule/moduleid/CO42002>

5) The Best Suggested Sites from our Website Users -

Every month we feature the best suggested IT training and tutorial sites from our website visitors. Here are this month's sites:

Free Java Certification Training Centre:

<http://www.javacertificate.com>

This site offers Free Sun Certified Java Programmer Certification resources, in their dynamic and personalized SCJP 1.4 Testcenter. The aim is to focus on passing your Sun Java 1.4 Certification exam.

GNU AutoConf, Automake and Libtool:

<http://sources.redhat.com/autobook/>

This book is a tutorial for tools used in managing Linux projects. specifically, Autoconf, Automake and Libtool. The GNU manual accompanying each tool adequately documents each tool in isolation. Until now, there has not been a guide that has described how these tools work together.

6) New Computer & IT Training & Tutorial Link & Resource Sites:

These web sites will be added to our IT Links and Resources page at

<http://www.intelinfo.com/cat6.html>

Linuxyourway.org:

<http://www.linuxyourway.com/>

This site calls itself the largest Linux Search Engine.

Visual Basic Knowledge Base:

<http://visualbasic.ittoolbox.com/documents/default.asp?Section=Tutorials>

Computer Programming:

<http://avillagewetrust.com/Computers/Programming/index.htm>

This page has several good programming tutorial links. Also check these link pages:

C & C++ Programming:

<http://avillagewetrust.com/Computers/Programming/C/index.htm>

Perl Programming:

<http://avillagewetrust.com/Computers/Programming/perl/index.htm>

Java Programming:

<http://avillagewetrust.com/Computers/Programming/javaprogramming.htm>

Object Programming:

<http://avillagewetrust.com/Computers/Programming/object.htm>

7) I.T. Sites Worth Mentioning:

PassUnleash:

<http://www.soft-central.net/passunleash.php>

This little app tells you what your Windows passwords are hidden beneath the asterisks. It works very well, except with Windows system managed passwords. (66KB)

The Table of Equivalents and Replacements of Windows software in Linux:

<http://linuxshop.ru/linuxbegin/win-lin-soft-en/>

This page lists what Windows software can be replaced by which Linux software. If you're looking for good, functionally similar-to-windows software for Linux, then checking this site out will give you many good solutions.

SilverAge Software:

<http://www.silveragesoftware.com/handytools.html>

You can download several good free programs for web designers and coders from this site. They are: Handy File Search and Replace, Handy ImageMapper, Gif Colour Mapper, Colour Spy, and Gradientex.

8) Question of the Month about Technical Training:

Each month Scott Turton will answer a current or important question that we have received about computer and IT training and career development.

May 2003 Question of the Month #2:

What is a good technical IT forum site that hosts many subject areas.

Answer:

ITtoolbox hosts many good discussion groups, each focuses on specific IT topics. Users can ask questions, provide answers and opinions, and discuss strengths and weaknesses of various IT solutions in unbiased, experience-based forums. To join a particular discussion group, visit the group's archive page, enter your e-mail address and select "Join". Here they are:

Business Intelligence Discussion:

<http://www.ittoolbox.com/i/bi2.asp>

C Languages Discussion:

<http://www.ittoolbox.com/i/cpp3.asp>

CRM Discussion:

<http://www.ittoolbox.com/i/crm4.asp>

Database Discussion:

<http://www.ittoolbox.com/i/db3.asp>

Data Warehouse Discussion:

<http://www.ittoolbox.com/i/dw1.asp>

EAI Discussion:

<http://www.ittoolbox.com/i/eai1.asp>

ERP Discussion:

<http://www.ittoolbox.com/i/erp1.asp>

Knowledge Management Discussion:

<http://www.ittoolbox.com/i/km1.asp>

Linux Discussion:

<http://www.ittoolbox.com/i/linux.asp>

Networking Discussion:

<http://www.ittoolbox.com/i/nw10.asp>

Security Discussion:

<http://www.ittoolbox.com/i/security.asp>

Storage Discussion:

<http://www.ittoolbox.com/i/storage.asp>

Supply Chain Discussion:

<http://www.ittoolbox.com/i/scm1.asp>

Web Design Discussion:

<http://www.ittoolbox.com/i/wd1.asp>

Wireless Discussion:

<http://www.ittoolbox.com/i/wireless.asp>

Baan Discussion:

<http://www.ittoolbox.com/i/baan2.asp>

Java Discussion:

<http://www.ittoolbox.com/i/java2.asp>

Oracle Discussion:

<http://www.ittoolbox.com/i/oracle.asp>

PeopleSoft Discussion:

<http://www.ittoolbox.com/i/ps1.asp>

SAP Discussion:

<http://www.ittoolbox.com/i/sap2.asp>

Siebel Discussion:

<http://www.ittoolbox.com/i/siebel1.asp>

UNIX Discussion:

<http://www.ittoolbox.com/i/unix.asp>

Visual Basic Discussion:

<http://www.ittoolbox.com/i/vb2.asp>

Windows Discussion:

<http://www.ittoolbox.com/i/windows.asp>

I hope this helps you.

***** Intelinfo.com's Member Site *****

<http://www.intelinfo.com/sign-up/index.html>

Our Members' Site contains the web's best computer and IT training resources and tutorials. This content is individually linked and presented in a way to expedite and facilitate your IT learning experience. We have done all the web research and presentation work for you so you can concentrate solely on your computer training.

Intelinfo.com Member Site FAQ Answers:

1. Over half of the web sites and pages in our members site are not in the free section of our web site. The online training resources in our members' site are linked and laid out in a much more detailed fashion than those in the free section. This will save you time in finding all the best free training on the web.
2. If you use a credit card when joining, it will be billed by Verotel. When your membership period expires, you will be asked if you want to renew your membership, you will not be automatically charged another fee on your credit card or check.
3. You can also use PayPal to sign-up as a member of Intelinfo.com, just use this link: http://www.intelinfo.com/links/become_a_member.html. If you register to pay \$10.00 (for 2 months access) via PayPal using this method, simply tell us in the 'Special Instructions' what you want for your user name and password.
4. If your country is not listed in the drop-down list, please use 2checkout.com to register as an intelinfo.com site member using this link: http://www.intelinfo.com/links/intelinfo_member.html. I will then send you an email asking what you would like to use for your user name and password.
5. If you are looking for training and tutorials covering popular software such as Microsoft Office, Flash, Photoshop, Dreamweaver, Web Development, Windows and Computer Hardware, please see our sister site, <http://www.EducationOnlineForComputers.com>

The total price to join our member's site is only \$10 total for 2 months, \$18.50 for 4 months, or \$25.50 for 6 months. The funds generated will assist us to help all those seeking IT education and application development training. Here's the link to see what's available

on our member's site and to sign up: <<http://www.intelinfo.com/sign-up/index.html>>. You can email Scott Turton with questions.

I will give you 8 great Free Bonuses when you sign up now. These are as follows:

1. A Comprehensive 47-page IT Glossary
2. How To Understand Windows Error Messages program
3. 105 Great Totally Free Utility Programs
4. A Bug Tracking Access
5. The Four Best IT Salary Calculator/Wizard sites
6. 12 Great Web Resources for Learning the Best Methods to Study and Take Tests
7. Six Great e-Books (a \$120 value) to help you Make Money using the Internet
8. Five extra bonus IT resource sites that are the best from our "worth mentioning" newsletter section
