1) Editor's Greeting:

Hello everyone, and welcome to our new subscribers!

Please note we have changed our domain name from www.intelinfo.com to www.intelligentedu.com due to a trademark issue.

Please update your bookmarks and links to our site. Right now we are redirecting, but in a few months the redirect will no longer be in effect.

This is the October 2004 issue of our free monthly newsletter for Computer IT Education, Training, & Tutorial Resources providing you with the latest Free online IT Training Resources that we have recently discovered and researched. This newsletter is free to anyone subscribing ([instructions](#) at bottom, no username/password is needed). To access our member site, however, you do need a user name and password - registering as a member of Intelligentedu.com costs \$15 for two months, for more information please see [Become a Member of Intelligentedu.com](#).

My desire is that these free resources will help you with your computer education and

training and are tools to advance your IT career. Our main mission is the training of those less fortunate who are seeking to become computer literate, both technically and from a user's perspective. In this issue we describe and link to a total of 38 computer, IT and programming learning and tutorial web sites. By means of this email newsletter, you have knowledge of and access to these sites before our web site visitors do.

*****Current News *****

Please note we have changed our domain name from www.intelinfo.com to www.intelligentedu.com due to a trademark issue.

Please update your bookmarks and web links to our site. Right now we are redirecting, but in a couple of months the redirect will no longer be in effect. All pages are the same, so if you have website that links to us all you need to do is change the domain name from intelinfo.com to intelligentedu.com. Thank you.

Please Visit Our New Free Training Search Engine!! - We have deployed a new website at Edcomp.com that is a search engine with a large database of over 100,000 free IT education and training web resources, with another 40,000 free resources reserved exclusively for paid members. If you're an Intelligentedu.com Member, go to members.Edcomp.com to access the special members' page for searching over 100,000 free training web resources. If you're curious, this search engine is implemented using ASP.Net on Mono and Linux.

All of the links for these 100,000 free web resources have been validated, so you should not get any broken ones. We are also caching all previous results pages to help you find all the free training content and materials you need and are looking for. So check out our new free IT training search engine now, and if you'd like to, please provide me your feedback. Again, the url is: <http://www.edcomp.com/>. Thank you.

For your convenience, this newsletter is also available to subscribers in HTML format at this special url: http://www.intelligentedu.com/current_news.html

I wish you the best with your computer studies and learning.

Warm Regards,
Scott Turton
Newsletter Editor and Webmaster

8) Question of the Month about Technical Training:

Each month Scott Turton will answer a current or important question that we have received about computer and IT training and career development.

October 2004 Question of the Month:

Why has intelinfo.com changed its domain to intelligentedu.com?

Answer:

We were contacted by Intel Corporation's legal department that our intelinfo.com domain was an unauthorized use of their trade mark and we have agreed not to use intelinfo.com in the future, so now our new domain is intelligentedu.com.

Please update all of your intelinfo.com bookmarks and web links to intelligentedu.com. All of the web pages have stayed the same, so only the domain name needs to be changed.

Thank you very much for your assistance and support of our efforts.

Our Members' Site contains the web's best computer and IT training resources and tutorials. This content is individually linked and presented in a way to expedite and facilitate your IT learning experience. We have done all the web research and presentation work for you so you can concentrate solely on your computer training.

Intelligentedu.com Member Site FAQ Answers:

1. Over half of the web sites and pages in our members site are not in the free section of our web site. The online training resources in our members' site are linked and laid out in a much more detailed fashion than those in the free section. This will save you time in finding all the best free training on the web.
2. If you use a credit card when joining, you may choose to be billed by PayPal, or you may purchase from 2checkout.com, our authorized retailer, whichever you choose.
3. You have a choice to select the non-recurring or recurring method of payment. If you select non-recurring, when your membership period expires, you will not be automatically charged another fee on your credit card or check.
4. If you are looking for training and tutorials covering popular software such as Microsoft Office, Flash, Photoshop, Dreamweaver, Web Development, Windows and Computer Hardware, please see our sister site, <http://www.EducationOnlineForComputers.com>

The total price to join our member's site is only \$15.00 total for 2 months, \$25 for 4

months, \$34 for 6 months, or \$59 for a whole year. The funds generated will assist us to help all those seeking IT education and application development training. Here's the link to see what's available on our member's site and to sign up:
