Newsletter for Computer IT Education, Training & Tutorial Resources

*** ISSUE #44 - June 2005 ***

<http://www.intelligentedu.com/>

Formerly <http://www.intelinfo.com/>

Please Update Your Bookmarks & Web Links!

This Newsletter is only sent to its subscribers and is available in July, 2005 on the web at <http://www.intelligentedu.com/newsletter44.html>

Newsletter Archives are here: <http://www.intelligentedu.com/newsletter.html>

Subscribe and unsubscribe [instructions are at the end](#).

Please forward this newsletter to all your friends and associates who might be interested!

In This Issue:

- [1\)... Editor's Greeting](#)
- [2\)... The Best New Free I.T. Training & Tutorial Sites](#)
- [3\)... New Free I.T. Books & Book Sites](#)
- [4\)... University Computer Science Course Sites](#)
- [5\)... The Best Suggested Sites from Website Users](#)
- [6\)... New I.T. Training & Tutorial Link Sites](#)

[7\)... I.T. Sites Worth Mentioning](#)

[8\)... Question of the Month about Technical Training](#)

[9\)... Please Support Our Computer Training Mission](#)

1) Editor's Greeting:

Hello everyone, and welcome to our new subscribers!

Please note we have changed our domain name from www.intelinfo.com to www.intelligentedu.com. Please update your bookmarks and links to our site.

This is the June 2005 issue of our free monthly newsletter for Computer IT Education, Training, & Tutorial Resources providing you with the latest Free online IT Training Resources that we have recently discovered and researched. This newsletter is free to anyone subscribing ([instructions](#) at bottom, no username/password is needed). To access our member site, however, you do need a user name and password - registering as a member of Intelligentedu.com costs \$15 for two months, for more information please see [Become a Member of Intelligentedu.com](#).

My desire is that these free resources will help you with your computer education and training and are tools to advance your IT career. Our main mission is the training of those less fortunate who are seeking to become computer literate, both technically and from a user's perspective.

In this issue we describe and link to a total of 40 computer, IT and programming learning and tutorial web sites. By means of this email newsletter, you have knowledge of and access to these sites before our web site visitors do.

***Current News ***

Please note we have changed our domain name from www.intelinfo.com to www.intelligentedu.com.

Please update your bookmarks and links to our site. All pages are the same, so if you have website that links to us all you need to do is change the domain name from intelinfo.com to intelligentedu.com. Thank you.

Please take a look at my **2 new blogs**, these will be updated weekly with new free training and tutorial web resources, as I discover and evaluate them:

Blog #1: [Best New Training Sites](#)

Blog #2: [Free Computer Books](#)

Please Visit Our New Free Training & Tutorial Search Engine - <http://www.edcomp.com>! - We have deployed a new website at Edcomp.com that is a search engine with a large database of over 140,000 free IT education and training web resources, with another 50,000 free resources reserved exclusively for paid members. If you're an Intelligentedu.com Member, go to members.Edcomp.com to access the special members' page for searching over 190,000 free training web resources.

All of the links for these 190,000 free web resources have been validated, so you should not get any broken ones. We are also caching all previous results pages to help you find all the free training content and materials you need and are looking for. So check out our new free IT training search engine now, and if you'd like to, please provide me your feedback. Again,

the url is: <http://www.edcomp.com/>. Thank you.

For your convenience, this newsletter is also available to subscribers in HTML format at this special url:
http://www.intelligentedu.com/current_news.html

I wish you the best with your computer studies and learning.

Warm Regards,
Scott Turton
Newsletter Editor and Webmaster
scott_turton@intelligentedu.com

**"Learn New Skills and Increase Your Earning Power
- With Free Online Computer Training!"**

*** [Become a Member of Intelligentedu.com](http://www.intelligentedu.com) ***

Our Members' Site contains the web's best computer and IT training resources and tutorials. This content is individually linked and presented in a way to expedite and facilitate your IT learning experience. We have done all the web research and presentation work for you so you can concentrate solely on your computer training. For short FAQ Answers, please see the end of this newsletter.

The total price to join as a member is only \$15.00 total for 2 months, \$25 for 4 months, \$34 for 6 months, or \$59 for a whole year. The funds generated will assist us to help all those seeking IT education and application development training. Here's the link to see what's available on our member's site and to sign up: <http://www.intelligentedu.com/sign-up/index.html>.

EdComp.com:
<http://www.edcomp.com/>

This is our new free computer and IT education and training search engine housing over 100,000 free training internet resources! Just type in a topic you're looking for and get tons of great web resources instantly. These search results are much better than the big search engines, like google. You can also check out our predefined search results page giving you tons of free training resources: <http://www.edcomp.com/predefined.htm>.

EducationOnlineForComputers.com:
<http://www.educationonlineforcomputers.com>

Our new software application and office training and tutorial site, EducationOnlineForComputers.com, is now up and running. We give you Free access to hundreds of Free Training and Tutorials covering Microsoft Office, Flash, Photoshop, Dreamweaver and FrontPage. We also provide you a member site for the best available online software application training.

You can sign up for the Free Newsletter here: http://www.educationonlineforcomputers.com/optin_newsletter.html

-> Here are Your 3 Rewards for Subscribing to this Newsletter <-

***** Free Online IT Training Materials for Subscribers *****

This section of our site contains over 2,000 free IT, computer and programming training resource links:
http://www.intelligentedu.com/free_it_training_materials_and_books.html

***** Free Online Computer Training and Tutorial Resources *****

Containing over 8,000 free IT training and tutorial resources, this section of our site is available only to our newsletter subscribers and web site members: http://www.intelligentedu.com/newly_researched_free_training.html

***** Free e-Book: "Understanding Computer Security" *****

Our new e-book contains the best information from U.S. government agency computer security papers and guides and presents it in a coherent and understandable manner. My hope is that this e-book will make computer security easier to learn. Click here to receive your Free Copy: http://www.intelligentedu.com/Understanding_Computer_Security.zip (553 kb). When unzipped it is a windows executable.

2) The Best New Free I.T. Training & Tutorial Sites:

This section of our newsletter contains the best new free IT training and tutorial sites that we have found and researched in the last few weeks. These resources will be added to our Free IT Training & Courses page at <http://www.intelligentedu.com/cat1.html>, our Free IT Tutorials and Guides page at <http://www.intelligentedu.com/cat2.html>, or to our [members' site](#).

EdComp.com:

<http://www.edcomp.com/>

This is our new free computer and IT education and training search engine housing over 70,000 free training internet resources! Just type in a topic you're looking for and get tons of great web resources instantly. These results are much better than the big search engines, like google. A couple tips: 1) to exclude a word, type minus sign (-) in front of it, and 2) to get more free training resources simple click on the 'next' link at the bottom of each page. You can also check out our predefined search results page here: <http://www.edcomp.com/predefined.htm>.

You can start searching right now using this form!

Also, here are a few search results to get you started:

Practice Questions for A+ Operating System Technologies:
<http://www.braindumpcentral.com/...87curpage=1>

Your Basic Hardware Page:
<http://www.basichardware.com/>

Your Basic Hardware Page includes discussions on computer hardware parts, what to look for in those parts, and recommendations on parts like hard drives, motherboards, cpus, scsi cards, video cards, sound cards, modems, etc.

How to Start Programming (Using Python):
<http://staff.easthighschool.net/lee/computers/book/>
http://staff.easthighschool.net/lee/computers/book/Start_Programming.html

The intent of this online course (in book format) is to introduce computer programming to a complete beginner. As you read the book, keep in mind that you cannot learn to program by reading a book. You must write code and write more code. So as you read, try the examples, and if you have an idea of your own, work on that for a while. See what you can do and then come back and read some more. It is the best way to learn.

Bjarne Stroustrup's Homepage:

<http://www.research.att.com/~bs/homepage.html>

Bjarne Stroustrup designed and implemented the C++ programming language. Here are the best free learning materials on his site:

FAQ:

http://www.research.att.com/%7Ebs/bs_faq.html

Concentrates on personal opinions and general questions related to philosophy

Technical FAQ:

http://www.research.att.com/%7Ebs/bs_faq2.html

These are questions about C++ Style and Technique that people ask me often

Glossary:

<http://www.research.att.com/%7Ebs/glossary.html>

This is a glossary of C++ terms, organized alphabetically by concept.

A Tour of C++:

http://www.research.att.com/%7Ebs/3rd_tour.pdf

Presentis the basic programming techniques supported by C++ and the language features through wich C++ supports them.

A Tour of the Standard Library:

http://www.research.att.com/%7Ebs/3rd_tour2.pdf

Presents a few basic uses of C++ introducing its standard library; for most people this chapter gives a better view of C++ than does "A Tour of C++"

An Overview of the C++ Programming Language (paper):

<http://www.research.att.com/%7Ebs/crc.pdf>

Handbook of Object Technology. CRC Press. 1998. ISBN 0-8493-3135-8.

Learning Standard C++ as a New Language (paper):

http://www.research.att.com/%7Ebs/new_learning.pdf

C/C++ Users Journal. pp 43-54. May 1999.

Why C++ isn't just an Object-Oriented Programming Language (paper):

<http://www.research.att.com/%7Ebs/oopsla.pdf>

Addendum to OOPSLA'95 Proceedings. OOPS Messenger. October 1995.

More Papers about C++ by Bjarne Stroustrup:

<http://www.research.att.com/~bs/papers.html>

Jeff Hunter's DBA / Development Web Site:

<http://www.idevelopment.info/>

This resource site offers free training content on Oracle Database Administration, SQL Server Database Administration, DBA Tips, Java and Perl examples, Developer Information, Linux, and DBA Scripts.

Oracle:

Taligent's Guide to Designing Programs:

http://pcroot.cern.ch/.../Docs/books/WM/WM_1.html

Online version of the book, Taligent's Guide to Designing Programs: Well-Mannered Object-Oriented Design in C++.

Industrial Strength C++:

<http://hem.passagen.se/erinyq/industrial/>

Online version of Mats Henricson and Erik Nyquist's book of coding guidelines that evolved from the original Ellementel C++ Rules and Recommendations.

Securing Java: Getting Down to Business with Mobile Code:

<http://www.securingsjava.com/>

This is the online version of the print book, featuring a searchable index, java links, and the full text of the book.

Designing Enterprise Applications with the J2EE Platform, Second Edition:

http://java.sun.com/...designing_enterprise_applications/

The second edition of Sun's best-selling book, Designing Enterprise Applications with the J2EE Platform, is now available online.

**Designing Web Services with the J2EE 1.4 Platform:
JAX-RPC, SOAP, and XML Technologies:**

http://java.sun.com/...designing_webservices/html/

This is the free online version of the latest book on building Service Oriented Architectures using J2EE 1.4 technologies from the J2EE BluePrints Team. Learn Guidelines, Patterns, and code for end-to-end Java applications.

Perl 5 By Example:

<http://www.codebits.com/p5be/>

Teach yourself Internet programming and CGI scripting -this book teaches you how to use the Perl programming language by showing examples that demonstrate the concepts being discussed. The examples are designed to give you a chance to experiment-which in turn should clarify the material.

Algorithms and Complexity:

<http://www.cis.upenn.edu/~wilf/AlgComp.html>

This is the first edition of this book, in the form of a single 1.1 Mb pdf file. Here is the link to download it:

<http://www.math.upenn.edu/~ewilf/AlgoComp.pdf>

A Practical Theory of Programming:

<http://www.cs.toronto.edu/~ehner/aPToP/>

A 12 chapter book you can download in 4 parts, each one a pdf file. Lecture slides are also available in pdf format. The book covers the following:

1. Basic Theories
 2. Basic Data Structures
 3. Function Theory
 4. Program Theory
 5. Programming Language
 6. Recursive Definition
 7. Theory Design and Implementation
 8. Concurrency
 9. Interaction
-
-

4) University Computer Science Course Sites Free to Browse and Study:

These web sites will be added to our Free University IT Course Webs page at <http://www.intelligentedu.com/cat3.html>

Introduction to Java Programming and the Internet:

<http://www.uow.edu.au/~nabg/213/index.html>

Course materials and lecture slides (pdf) on Java programming and general Internet topics. This is intended for students having a limited background in C++ programming (using classes and simple object-based design styles, but little or no experience with OO style of programming).

Server Technology:

<http://www.uow.edu.au/~nabg/399/index.html>

Course materials and lecture slides (pdf) on the major web-server technologies: http, Apache, DNS, Perl, PHP, Servlets, JSP,

XML, .Net, and EJBs.

5) The Best Suggested Sites from our Website Users - Every month we feature the best suggested IT training and tutorial sites from our website visitors. Here are this month's sites:

Web Job Net The Network Of Web Job Training:

<http://www.webjobnet.com>

Free instructional multimedia how-to videos teaching Java and Visual Basic.Net. These training videos use university interns who perform the teaching in return for work experience and a grade.

Java Course Videos:

http://s123801176.onlinehome.us/_2005SpringJa/Default.htm

VB.Net Course Videos:

http://s123801176.onlinehome.us/_2004Sum1VB/_ASFVB2K3/index.htm

Oracle Database 10g Documentation Library:

<http://docs.oracle-doku.de/10g/>

Oracle 10g Whitepapers :

<http://www.oracle-10g.de/Whitepapers/>

(Docs in English, although parts of page is in German)

Oracle9i Database Online Documentation (Rel. 9.2):

<http://docs.oracle-doku.de/9i/>

Oracle 8.1.7 Documentation Library:

<http://docs.oracle-doku.de/8i/>

Brainbell.com:

<http://www.brainbell.com/>

Free web development resources, tutorials, and articles covering cgi, perl, php, mysql, xml.

6) New Computer & IT Training & Tutorial Link & Resource Sites:

These web sites will be added to our IT Links and Resources page at <http://www.intelligentedu.com/cat6.html>

Free Microsoft Certification Study Guides and Preparation Help:

<http://www.certificationsuccess.com/index.cfm?pageid=83>

This page hosts and links to many free study guides and preps for the MCSE certification exams.

Technical How Tos for PCs, Servers, Networking, and Microsoft Office:

<http://www.certificationsuccess.com/index.cfm?pageid=16&siteid=1>

UML Tutorials:

<http://www.uml-forum.com/tutorials.htm>

A selected list of UML tutorials that are available online, by UML Forum contributing editors for their completeness, accuracy and quality.

AgileAlliance Articles

<http://www.agilealliance.org/articles/index>

Here you can access many articles detailing how agile programming is accomplished. This is similar to extreme programming.

7) I.T. Sites and Free Downloads Worth Mentioning:

Free Software from Brightsparks.com:

<http://www.2brightsparks.com/downloads.html>

SyncBack Freeware V3.2.8.3:

http://www.2brightsparks.com/assets/software/SyncBack_Setup.zip

SyncBack will easily backup and synchronise your files to: the same drive; a different drive or medium (CDRW, CompactFlash, etc); an FTP server; a Network; or a Zip archive.

InstallSpy v2.0:

http://www.2brightsparks.com/assets/software/InstallSpy_Setup.zip

Helps you discover spyware by tracking any and all changes to the registry and file system, and also record all shell notification events (e.g. media inserted), when a program is installed, uninstalled, or run.

FingerPrint v2.1.3:

http://www.2brightsparks.com/assets/software/FingerPrint_Setup.zip

A utility to see if any files in one or more directories have been created, deleted, or changed since the last scan.

FireLogXP v1.3:

http://www.2brightsparks.com/assets/software/FireLogXP_Setup.zip

Reads Windows XP firewall's log file and show you who is trying to get into your computer, and through which ports.

8) Question of the Month about Technical Training:

Each month Scott Turton will answer a current or important question that we have received about computer and IT training and career development.

June 2005 Question of the Month:

What is one of your techniques to find new free training and tutorial content every month?

Answer:

Here is a neat technique using google.com to find the pages in a site when you know a portion of the url, such as a directory name.

google.com search term:

"allinurl: results site:www.edcomp.com"

<http://www.google.com/search?hl=en&q=allinurl%3A+results+site%3Awww.edcomp.com>

google.com search term:

"allinurl: technotes site:www.techexams.net"

<http://www.google.com/search?hl=en&q=allinurl%3A+technotes+site%3Awww.techexams.net>

google.com search term:

"allinurl: support.dell.com/us/en/kb/document. asp site:dell.com"

<http://www.google.com/search?hl=en&q=allinurl%3A+support.dell.com%2Fus%2Fen%2Fkb%2Fdocument.+asp+site%3Adell.com>

google.com search term:

"allinurl: docs.html site:hp.com"

<http://www.google.com/search?hl=en&q=allinurl%3A+docs.html+site%3Ahp.com>

google.com search term:

"allinurl:articles site:www.informit.com"

<http://www.google.com/search?hl=en&q=allinurl%3Aarticles+site%3Awww.informit.com>

Scott Turton

Web Master and Editor

<http://www.intelligentedu.com>

9) Please Support Our Training Mission

<http://www.intelligentedu.com/support.html>

How You Can Support Our IT Training Mission

Please help support Intelligentedu.com's Computer and IT Education and Training Mission by visiting our sponsors below. By doing so, you will be helping people who want to learn to use computers in an Information Technology career.

University of Phoenix Online: Advance your career:

<http://pontly.com/clk/aftauserafthepausulde>

DeVry: Online degrees for working adults:

<http://zodals.com/clk/gyohoukibunoftsdhada>

ITT Technical Institute: Choose from their many programs:

<http://ashnin.com/clk/einendgehachglindmampf>

Kaplan College Online:

Advance your career with an online degree from Kaplan College

<http://opogee.com/clk/heaftaftbandzinaft>

Capella University -accredited online education for professionals:

<http://ilatpa.com/clk/rongmentuankualin>

<http://www.intelligentedu.com/>

Free I.T. Training Now!

A free and member-based I.T. educational and training portal web site. We have compiled, categorized, described, and linked many, many sites that will be of keen interest to computer science students and instructors and others seeking free training and knowledge about computers. All areas are covered, from programming to systems administration to networking to the internet. You are able to study and learn all about computers and I.T. via Free training, courses, tutorials, books, guides, documentation, articles, tips, notes, and help. Also offered are free technical training tutorials co-branded with Freeskills.com/. Check us out today.

Copyright Notice: Please note that all of the items hyperlinked are copyrighted by their authors and/or publishers. You are expected to look for, read, and adhere to such notices. Downloaded and online material is copyrighted whether or not a copyright notice is present.

*** Intelligentedu.com's Member Site ***

<http://www.intelligentedu.com/sign-up/index.html>

Our Members' Site contains the web's best computer and IT training resources and tutorials. This content is individually linked and presented in a way to expedite and facilitate your IT learning experience. We have done all the web research and presentation work for you so you can concentrate solely on your computer training.

Intelligentedu.com Member Site FAQ Answers:

1. Over half of the web sites and pages in our members site are not in the free section of our web site. The online training resources in our members' site are linked and laid out in a much more detailed fashion than those in the free section. This will save you time in finding all the best free training on the web.
2. If you use a credit card when joining, you may choose to be billed by PayPal, or you may purchase from 2checkout.com, our authorized retailer, whichever you choose.
3. You have a choice to select the non-recurring or recurring method of payment. If you select non-recurring, when your membership period expires, you will not be automatically charged another fee on your credit card or check.
4. If you are looking for training and tutorials covering popular software such as Microsoft Office, Flash, Photoshop, Dreamweaver, Web Development, Windows and Computer Hardware, please see our sister site, <http://www.EducationOnlineForComputers.com>

The total price to join our member's site is only \$15.00 total for 2 months, \$25 for 4 months, \$34 for 6 months, or \$59 for a whole year. The funds generated will assist us to help all those seeking IT education and application development training. Here's the link to see what's available on our member's site and to sign up: <<http://www.intelligentedu.com/sign-up/index.html>>. You can email Scott Turton with questions at scott_turton@intelligentedu.com.

I will give you 8 great Free Bonuses when you sign up now. These are as follows:

1. A Comprehensive 47-page IT Glossary
2. How To Understand Windows Error Messages program
3. 105 Great Totally Free Utility Programs
4. A Bug Tracking Access
5. The Four Best IT Salary Calculator/Wizard sites
6. 12 Great Web Resources for Learning the Best Methods to Study and Take Tests
7. Six Great e-Books (a \$120 value) to help you Make Money using the Internet
8. Five extra bonus IT resource sites that are the best from our "worth mentioning" newsletter section

To Subscribe to this Free monthly Newsletter of Computer Education, Training, & Tutorial Resources simply send a blank email to this address:

newsletter-sub@intelligentedu.com

(You will need to reply to a confirming email.)

Or go to this web page and use the Subscribe form:

http://www.intelligentedu.com/newsletr_sub_unsub.html

To Unsubscribe from this Free monthly Newsletter of Computer Education, Training, & Tutorial Resources simply send a blank email to this address with Unsubscribe in the subject::

newsletter-unsub@intelligentedu.com

(no need to confirm)

Or go to this web page and use the unsubscribe form:

http://www.intelligentedu.com/newsletr_sub_unsub.html

Thank You!
